

KAUSTUBH RAVINDRA MAHAMUNI

Frontend Developer

Pune, Maharashtra, India | +91-8007886007 | kaustubhramahamuni@gmail.com | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Frontend Developer with hands-on experience building responsive, accessible web applications using HTML, CSS, JavaScript, and React.js. Skilled in translating wireframes into production-ready UI, implementing responsive layouts with Flexbox and CSS Grid, and improving user experience through usability testing. Currently pursuing an MBA in Business Analytics; developing UI/UX design skills in Figma to strengthen collaboration between design, engineering, and data.

TECHNICAL SKILLS

- Languages: JavaScript (ES6+), Python, C/C++, ASP.NET, ASP.NET Core
- Frontend: HTML5, CSS3, React.js, React Router, React Context API, Flexbox, CSS Grid, Responsive Web Design
- Databases: MySQL, MSSQL, PostgreSQL
- Tools & Platforms: Git, GitHub, Figma, VS Code, Visual Studio, MS Excel
- Practices: Usability Testing, Cross-Browser Compatibility, UI/UX Design, Agile Collaboration, SDLC
- Core CS: Data Structures & Algorithms (DSA), Object-Oriented Programming (OOP), DBMS, Operating Systems, Software Engineering

PROFESSIONAL EXPERIENCE

Associate Frontend Developer — Priyatech Solution Pvt. Ltd.

June 2024 – Present

- Converted design wireframes into responsive, visually consistent web pages in collaboration with the design team, meeting client requirements across projects.
- Built responsive layouts using Flexbox and CSS Grid, ensuring seamless adaptability across screen sizes and devices.
- Conducted usability testing and delivered actionable UX recommendations, increasing user engagement by 20%.
- Coordinated with backend developers and stakeholders to integrate frontend interfaces with live services for government-facing web portals.

PROJECTS

Official SRA Pune Website — Frontend Design | Live: srpune.gov.in

- Designed and developed the production frontend for the official SRA Pune government website.
- Delivered a responsive, accessible interface aligned with government branding guidelines; deployed and live in production.

RTS Portal (Right to Services) — Frontend Development | rts.srpune.gov.in

- Developing the frontend for a citizen-facing government services portal focused on efficient service delivery.
- Collaborating with backend developers and government stakeholders to ensure seamless end-to-end integration.

Amazon Clone — Frontend (React.js)

- Built a fully responsive e-commerce frontend using React, JSX, CSS, and JavaScript, replicating core Amazon shopping flows.
- Implemented product listing, shopping cart, and dynamic routing using React Router.
- Used React Context API for global state management of cart items and user data.

Jewelry Valuation System

- Building a system to assess and value jewelry pieces using machine learning algorithms for real-time valuations.
- Designing the system architecture for scalability to support a large number of concurrent users.
- Collaborating with domain experts to refine and validate valuation algorithms.

Residency Club Midclatur — React.js Website | Live: residencyclubmidclatur.in

- Built and deployed a responsive React.js website for a residential club, covering amenities, listings, and contact/inquiry flows.
- Implemented reusable React components and mobile-friendly layouts for a consistent cross-device experience.

Ace Garden — React.js Website | Live: acegarden.in

- Developed a responsive React.js website showcasing property/project details with clean, componentized UI.
- Optimized page layout and navigation for fast load times and smooth usability across devices.

Internal ERP System — Priyatech Solution Pvt. Ltd. (Team Project)

- Collaborated with a cross-functional team to build an internal ERP system using React.js, ASP.NET Core, and PostgreSQL.
- Developed frontend modules in React.js consuming ASP.NET Core Web APIs for core business workflows.
- Worked with PostgreSQL for data storage and integration, coordinating with backend developers on schema and API design.

EDUCATION

MBA, Business Analytics — Dr. D. Y. Patil Vidyapeeth, Pimpri, Pune, India

Jul 2024 – Present

B.E., Computer Engineering — Dr. D. Y. Patil Institute of Technology, Pune, India

Sep 2020 – Jun 2024

12th (MSBSHSE) — Dr. D. Y. Patil Jr. College, Pimpri, Pune, India

Jul 2018 – Jun 2020

CERTIFICATIONS

- Full Stack Developer — Developer Rahul (Aug 2024)
- UI/UX Design — Internship Studio (Oct 2023)
